INDEX TO ENGINEERING NEWS-RECORD

VOLUME 110—January to June, 1933

	Page
Jan. 5	1 to 42
Jan. 12	43 to 72
Jan. 19	73 to 102
Jan. 26	103 to 134
Feb. 2	135 to 178
Feb. 9	179 to 208
Feb. 16	209 to 238
Feb. 23	239 to 268
Mar. 2	269 to 304
Mar. 9	305 to 334
Mar. 16	335 to 364
Mar. 23	365 to 394
Mar. 30	395 to 424
Apr. 6	425 to 456
Apr. 13	457 to 486
Apr. 20	487 to 516
Apr. 27	517 to 546
May 4	547 to 578
May 11	579 to 608
May 18	609 to 670
May 25	671 to 700
June 1	701 to 732
June 8	733 to 764
June 15	765 to 794
June 22	795 to 826
June 29	827 to 856

A

AERONAUTICS

Airport runways, New Orleans—unit prices ... 795
Airway engineering in the federal government (Federal Engineering ser. pt. 2) ... •309
Cincinnati airport to be protected by additional dikes ... n•570
Shushan airport drainage, New Orleans—unit prices ... 516
Trend of activity ... 151

Air conditioning:
Two air conditioning plants for government buildings in Washington and one for Radio City ... 412

Airships:
Akron framework ... n•447
Unknown storm dangers ... e478

Aluminum booms and buckets for levee building on Mississippi levees. D. B. Hobbs ... •192

Aluminum corrugated sheet, strength of ... •705

American Concrete Institute:
Knowledge advances ... e294
Vibrated concrete and Hoover Dam feature convention ... n296

American Engineering Council:
Federal Relief Act liberalization recommended ... n96
River and harbor work—unwarranted indictment ... e33
Useful service to the public ... e94

American Railway Engineering Assn.:
Convention discusses maintenance and economics ... 382
W. P. Wiltsee elected head ... n•390

American Road Builders' Assn.:
Stresses technique of roadbuilding ... 113

American Society for Testing Materials:
New York City meeting ... n358

American Society of Civil Engineers:
Annual meeting ... 125
Confers honorary membership ... n99
Relief Act changes approved ... n98

American Society of Municipal Engineers:
Convention ... 117

American Toll Bridge Assn.:
First convention ... n133

American Water Works Assn.:
Canadian Section meets in Ottawa ... n421
Chicago meeting ... 811
Illinois section meets with two other associations ... n540
Report on activities ... n824
Strength well maintained ... e818

American Welding Society:
New York City, meeting ... n571

AQUEDUCTS

Colorado River:
Bid for more tunnels ... n542
Contractor qualifies ... n328
Contracts awarded for tunnels ... n853
Contracts let and bids received ... n822
Engineers added to staff ... n66
Force-account work on tunnel opposed ... n329
Force-account work on tunnel ordered ... n67
Full-sized tunnel endorsed ... n361
More bids ... n388
Nineteen contracts under way ... •678
San Jacinto tunnel contract withdrawn ... n205
Start of aqueduct ... e33
Tunnel bids ... n510, n725
Tunnel bids opened ... n449
Tunnel contracts let ... n568
Tunnel contract signed ... n418
Two more tunnel contracts let ... n482
West Eagle Mt., Hayfield and Mecca Pass tunnels—unit prices ... 856

Architecture:
Architecture is not engineering. J. D. Galloway ... l385, A. H. Myers ... l537

ASPHALT

Improved asphalt emulsion ... 107
Specifications for asphalt bridge plank L. H. Koenitzer ... 771
Specifications and tests ... e786

Associated General Contractors of America:
Federal Aid public works urged ... n568

Association of Railway Executives and National Highway Users Conference ... n171; topics ... 196

Association of State Highway Officials of North Atlantic States—meeting ... n262

Awards.
Steel Institute award for three bridges ... n•723

B

Bar bending machine ... •238

BEAMS

Continuous beam design by the fixed point theory. Odd Albert ... •842
Designing for continuity. H. W. Bolin ... l599
Wood beam design method promises economies. Newlin, Heck and March ... •594

Blasting:
New method of blasting swamp for highway fill. C. L. Wooley ... •715

Blower for manhole ventilation ... •451

BONDS

Chicago Sanitary District bonds authorized ... n722
Chicago Sanitary District asks bond issue ... n447
Cincinnati terminal to be financed by bonds ... n204
Colorado River aqueduct bonds offered ... n132
Kentucky buys bridge bonds ... n760
Moffat Tunnel bond review denied by court ... n96
Public bonds regain favor ... e32
Public works finance in normal and emergency times. L. D. Edie ... 645
Revenue-bond financing voted against by San Francisco ... e64
San Francisco bridge bonds legality to be tested ... n513
Sewer bond issue defeated in Springfield, Mo. ... n132
Surety bonds and practices to be studied ... n604
Washington State bond issue approved ... n823

BOOK REVIEWS

Acoustics and architecture. P. E. Sabine ... 92
American transportation problem. H. G. Moulton and others ... 384
Amortization tables. Edwin Hancock ... 92
Analytical mechanics for engineers. Seely & Ensign ... 228
Architectural planning of the American college. Larson and Palmer ... 846
Arc-welded steel frame structures. G. D. Fish ... 506
Chemie der zemente. K. E. Dorsch ... 507
City manager yearbook. Ed. by Ridley & Nolting ... 228
Colorado River controversies. R. B. Stanton ... 506
Construction of Hoover Dam. Wilbur and Mead ... 846
Continuous frames of reinforced concrete. Cross & Morgan ... 92
Designing for arc welding. Ed. by A. F. Davis ... 506
Engineer's manual of English. Sypherd and Brown ... 846
From plan to reality. Regional Plan Assn. ... 846
Hoover Dam power and water contracts and related data. R. L. Wilbur and N. Ely ... 384
Hydraulic machinery. D. W. Mead ... 506
Inflation. Woodward and Rose ... 846
Introduction to technocracy. Howard Scott and others ... 384
Low cost roads and bridges. Brown and Conner ... 692
Public utility regulation. Mosher and Crawford ... 846
Public and private operation of railways in Brazil. J. S. Duncan ... 93
Reports of geotechnical committee ... 228
Sanitation of water supplies. M. P. Horwood ... 92
Structural mechanics. H. W. Hayward ... 228
Survey of municipal government of Indianapolis. B. J. T. Jeup ... 384
Taschenbuch der stadtentwasserung. Karl Imhoff ... 92
Technical man sells his services. Edward Hurst ... 692
Transactions of the American Institute of Chemical Engineers ... 506
Vocational guidance in Engineering lines ... 692
What is technocracy? Allen Raymond ... 384

BREAKWATERS

Lake Zurich breakwater built on piles. A. J. Luchinger ... •80
Santa Monica—collapse of caisson ... n542

BRICKS AND BRICKWORK

Brick in the New York Code. R. S. Tilden ... l757
Glass brick walls inclose new buildings ... •522
Manufacturers to promote reinforced brick construction ... n234
National Paving Brick Assn discuss pavements ... 120
Reinforced brick columns tested at Lehigh University. Inge Lyse ... •345
Steel column strength increased by brick incasement ... 321

Bridge accidents and failures:
Expansion and moving fill damage Baltimore bridge concrete ... •346
Mixed causes of failure—Baltimore Bridge ... e356

BRIDGE CONSTRUCTION

Arc welded bridges built in Victoria, Australia. W. T. B. McCormack ... •596
Asphalt bridge plank specifications. L. H. Koenitzer ... 771
Bridges ... e138
Cofferdam wall made of sheeting interlocked on barge ... •191
New Orleans bridge contracts signed ... n34
New York State passes bills on bridge legislation ... n541
Old steel road bridges restored by welding (Economical bridge practices). C. A. Melick ... •706
Progress in bridge construction ... •157
Rolling a 400-ton railway span into position from falsework. G. B. Taylor ... •775
Three-level rail and road crossing, Newark. A. B. Cohen ... •179
Treated timber makes good record in M. O. Railroad bridges ... 681

BRIDGE DESIGN

Allentown, Pa., shallow bridge with gunite finish. E. W. Meckley ... •430
Bixby Creek bridge in California formed of 320-ft. concrete arch. Stewart Mitchell ... •467
Burrard St. bridge, Vancouver. J. R. Grant ... •239
Cable strength as a measure for suspension bridge size ... •349
Gaviota Canyon bridge with large skew angle. A. A. Eremin ... •399
Grey Street bridge in Brisbane, Australia ... •836
Lenticular expansion rollers for concrete spans. A. B. Willett ... •255
Old timber suspension bridge over Mohawk River. S. E. Slocum ... l •691
Plate-girder spans designed as cantilevers replace trusses at Fifth St. bridge at Augusta, Ga. S. B. Slack ... •214
Queens Parkway bridges. C. U. Powell ... •316
Rigid frame bridges since 1922 ... •531
Shallow deck bridges. A. N. Doud ... l •598
Shallow deck bridges. E. W. Meckley ... l785
Steel Institute award for three bridges ... n•723
Suspension bridge rating. C. H. Gronquist ... l443
Swing bascule bridge in Marinette, Wis. T. R. Halsey ... l •598
Unusual foreign bridges: unsymmetrical three-hinged steel arch, through-type concrete cantilever, unsymmetrical spans eliminate falsework, suspended-cantilever, concrete Vierendeel truss, floating bridge ... •498

BRIDGE FLOORS

Modern practices in bridge re-decking. W. F. Carson ... •86
Widening highway bridge decks in Mississippi (Economical bridge practices). Clarence Simmons ... •710

BRIDGE RENEWALS AND REPAIRS

California bridge remade by reusing girders turned upside down. L. C. Hollister ... •414
Expansion and moving fill damage Baltimore bridge concrete ... •346
Low cost I-beam bridges for Pennsylvania highways (Economical bridge practices) ... •709
Novel bridge renewal on an Indian railway ... 437
Old steel road bridges restored by welding (Economical bridge practices). C. A. Melick ... •706
Pennsylvania bridges re-decked. W. F. Carson ... •86
Rebuilding Fifth St. bridge at Augusta, Ga. ... •214
Widening highway bridge decks in Mississippi. Clarence Simmons (Economical bridge practices) ... •710
Williamsport bridge piers repaired. J. B. Ferguson ... •57

Bridge stresses:
Shrinkage in Mendota bridge. W. H. Wheeler ... l415

BRIDGES

Africa:
Floating bridge ... •500

Algeria:
Unsymmetrical spans eliminate falsework ... •499

Allentown, Pa.:
Shallow bridge with gunite finish. E. W. Meckley ... •430

•Illustrated; a, abstracts; e, editorials; l, letter; n, news

Augusta, Ga.:
Rebuilding Fifth St. bridge. S. B. Slack .....•214
Australia:
Grey Street Bridge in Brisbane.....•836
Three arc-welded bridges built in Victoria. W. T. B. McCormack.....•596
Bixby Creek, California:
320-ft. concrete arch forms bridge. Stewart Mitchell .....•467
Bonnet Carre spillway bridge construction deferred n330
British Columbia:
Burrard St. bridge. J. R. Grant.....•239
Fraser River bridge proposed.....n541
New bridge proposed.....n543
Denmark:
New bridge to be built.....n•541
Dutch East Indies:
Unsymmetrical three hinged steel arch.•498
Florida:
Overseas bridge franchise declared invalid n233
France:
Concrete Vierendeel truss.....•500
Through type concrete cantilever.....•498
Gaviota Canyon bridge with large skew angle. A. A. Eremin.....•399
Grand Island:
Conditions for loan for bridges.....n603
Hartford:
Bids called for new bridge..... n36
Bids received n359
Connecticut River bridge—unit prices 486
Marinette, Wis.:
Swing bascule bridge. T. R. Halsey.l•598
New Orleans:
Foundation started n130
Pier work starts n329
New York City:
Brooklyn Bridge anniversary.....e694
Brooklyn bridge "reopening" ceremony n724
Queens Parkway bridges. C. U. Powell •316
New York:
Catskill bridge act amended.....n388
Cohoes and Waterford bridge—cofferdam wall of sheeting interlocked on barge .....•191
Contract let for Catskill bridge.....n760
Newark, N. J.
Railroad bridge and highway bridge built one over the other. A. B. Cohen •179
Omaha-Council Bluffs financing.....n329
Paris, France:
Suspended-cantilever .....•499
Tacoma bridge proposed.....n171
Richmond, Va.:
Bids submitted for bridge.....n512
James River bridge plans completed..n330
Rio Grande:
Trestle designed to resist floods. J. W. Beretta .....•802
St. Lawrence River:
Bridge proposed near Ivy Lea.....n97
St. Petersburg, Fla.:
Bridge and tunnel project approved...n761
San Francisco:
Bridges at San Francisco.....e326
Golden Gate bridge officially started.n•328
Concrete placing begun .....n•761
Excavation started n67
Manager of bridge district resigns.... n36
Oakland Bay bridge bids.....n358
Bids concluded n482
Bids for piers n330
Bond legality to be tested.....n513
Contracts 3 and 5—unit prices.... 516
Contracts unit prices 393
Contracts let n568
Goes ahead e200
Start assured by legislation.....n171
Work begins n566
Schenectady, N. Y.:
Old timber suspension bridge over Mohawk River. S. E. Slocum....l•691
Straits of Mackinac bridge proposed..n233
Tacoma bridge proposed n171
York River permit granted.....n389

BUILDING CONSTRUCTION

Bankers Trust Co.—structural changes..•550
Better construction in earthquake zone recommended by jury.....n480
Building activity e138
Building modernization e566
Century of Progress Exposition construction management. John Stewart.....•289
Century of Progress Exposition to exhibit homes and housing materials.....•293
Chicago exposition buildings unique in form and structure. C. W. Farrier...•278
Cleveland hotel modernization. R. P. Wallis .....•552
Cliff-dwellers of 1000 A.D. as underpinning experts. Hamilton and Kittredge •774
Codes on concrete e65
Concrete control encouraged by Northwest building codes. H. M. Hadley..... 49
Concrete frame design.....e479
Federal building construction to be directed by engineer.....n483
Federal buildings under construction in Washington .....n•155
Gantry crane erects heavy stone columns. G. S. Merts .....•365
Glass-brick walls inclose new buildings..•522
Jackson County Courthouse awarded to third low bidder.....n851
Louisiana State University has difficulty in borrowing from R.F.C.....n233
Pittsburgh church construction using tubular steel towers to carry derrick. C. P. Streithof .....•521
Prevention of dry rot in building..... 470
Proposed new building code for New York City. R. P. Miller pt 1 •495; pt 2....•525
Rehabilitation—way to save losses.....e128
St. Louis building constructs new front. C. W. Martin.....•554
Salvaging lost values by rehabilitation of buildings e33
San Francisco Medical School building uses welding. E. M. Knapik.....•222

BUILDING DESIGN

Chicago exposition buildings unique in form and structure. C. W. Farrier..•278
Cincinnati, Ohio, newspaper building floor designed for 2,100 lb. floor. W. A. Lensky .....•586
Continuous beam design by the fixed point theory. Odd Albert.....•842
Damage sustained in California earthquake. J. I. Ballard .....•378
Designing for continuity. H. W. Bolin..l 599
Earthquake proof joints. Weiskopf and Pickworth .....l 259
Height limits for tall buildings based on plot area. Jacob Feld..... 315
Japanese bank buildings designed for earthquakes. P. F. Pape.....•457
Long Beach earthquake emphasizes known facts. W. L. Huber.....•474
Modern concrete design in Brooklyn apartments .....•462
Modern factory design in England. E. O. Williams .....•675
St. Paul, Mich.—new city hall and esplanade. G. H. Herrold.....•410
Some innovations e138
Structural advance e138
Wind resistant (A.S.C.E.) 126
Wind-stress analysis and moment distribution. Robins Fleming 194
Wind-tunnel testing for buildings..... 110

BUILDING LAWS AND REGULATIONS

Better codes for better building.....e539
Brick in the New York Code. R. S. Tilden .....l 757
Building codes—correction 785
California law makes lateral force design mandatory n722
Concrete control encouraged by Northwest building codes. H. M. Hadley.. 49
Earthquake safety law e721
Masonry code at Long Beach revised....n570
New York dwelling law change approved n540
North Carolina plans adoption of state building code n761
School building in California to be regulated by state.....n569

Building repairs and alterations:

Modernization of buildings — Bankers Trust Co., New York City •550; Cleveland Hotel •552; St. Louis Building..•554

BUILDINGS

Berlin, unusual 10-story office building..n•173
Boston, Mass.:
Massachusetts Dept. of Public Works building .....n•667
Brooklyn, N. Y.:
Modern concrete design in apartments.•462
Chicago:
Exposition buildings unique. C. W. Farrier .....•278
Cincinnati, Ohio:
Newspaper building floor designed for 2,100 lb. load. W. A. Lensky.....•586
Cleveland, Ohio:
Hotel Winton's modernization. R. P. Wallis .....•552
Detroit:
Contract let for steel plant.....n390
Federal buildings to be constructed..... 162
Great Britain:
Modern factory at Beeston, Nottinghamshire. E. O. Williams.....•675
Japan:
Bank buildings designed for earthquakes. P. F. Pape.....•457
Mexico City to have tall building.....n332
New York City:
Bankers Trust—building alterations..•550
Herald Square hotel alterations..... 551
St. Louis, Mo.:
McNichols building alterations. C. W. Martin .....•554
St. Paul, Mich.:
New City hall and esplanade. G. H. Herrold .....•410
San Francisco:
Medical School building uses welding. E. M. Knapik.....•222
Washington, D. C.:
Underground garage supports park plaza .....•68

BULKHEADS

Driving long Z-sheeting for deep water bulkhead. F. R. Harris.....•592
Jetty construction and bulkheads for beach protection on New Jersey coast.....•769

BUSINESS CONDITIONS

Business background of the year's events. Bernhard Ostrolenk (charts)..... 143
Construction organizations' proposals for business recovery 112
Construction volume as a forecast of general business. T. F. McSweeney..... 503
Deflation and expansion.....e538

C

CABLES

Cable power unit.....•364
Cable strength as a measure of suspension-bridge size .....•349
Correction—suspension bridge sizes..... 505
Suspension-bridge rating. C. H. Gronquist l443

CAISSONS

Pneumatic caissons for corewall, Quabbin Dike, Mass. .....•72
Sinking caissons in artificial islands for Grey Street bridge in Brisbane, Australia .....•836

CALIFORNIA

Public works and the state. Edward Hyatt .....•617

CANALS

All-American Canal preliminaries approach appropriation stage n131
Florida legislature creates body to plan canal across state.....n666
Olympia-Aberdeen ship canal proposed..n172
Preventing canal bank erosion on Missouri levees .....•429
Puget Sound-Grays Harbor-Columbia River Canal Commission authorized..n447
Puget Sound-Grays Harbor-Willapa Harbor-Columbia River ship canal recommended shallow n223
Raritan Canal ordered kept in service...n420

CEMENT

Bids on cement for highways again rejected in Illinois.....n510
Cement bids in Missouri result in investigation n133
Cement improvement e538
Concrete pavement failures due to high-lime cement. Ira Paul..... 212
Federal Trade Commission reports on cement n790
Heat evolved by cement in relation to strength. Hubert Woods, H. H. Steinour and H. R. Starke .....•431
"Gunite" and "cement gun." B. C. Collier .....l 62
Illinois buys cement for roads in open market at saving.....n850
Illinois cement prices (chart).....n665
Illinois to obtain cement by condemnation proceedings n824
Illinois and cement.....e819
New facts about cement and concrete (Hoover Dam construction pt 1 •322; pt 2 350
Open market cement purchase authorized for Illinois work n724
Portland cement today and twenty years ago. P. H. Bates..... 492
Progress in cement strength revealed by long time tests 494

CENTURY OF PROGRESS EXPOSITION

Adult education e720
Beginning new trends?.....e294
Construction management stressed over technique. John Stewart.....•289
Exposition buildings unique in form and structure. C. W. Farrier.....•278
First hundred years.....e294
General scheme of lighting for Fair. J. L. McConnell .....•283
Homes and housing materials to be exhibited .....•293
How plan for exposition was developed and financed. L. R. Lohr.....•269
Mechanical ventilation. J. L. McConnell •285
Some contrasts with 1893.....e295
Special elevator cars for skyway towers..•352
Transport system planned for fifty million visitors. E. S. J. Irvine.....•286
Water supply and sewerage facilities for the Fair. Hansen & Niles.....•273
Chamber of Commerce of U. S.:
Transportation and modernization discussed n604
Chemical Industry:
Trends of activity 151

CHICAGO

Chicago's crib intakes. M. B. Reynolds..•737
Chicago's waterworks. A. E. Gorman..•733
Civic health recovered.....e326
Competent management e508
Drainage canal e142
Elevated highways proposed..... 535
E. J. Kelly, engineer, appointed mayor..n•511
Master recommends state support for sewage plan n420
New Harrison St. water pumping plant to replace three old plants. L. D. Gayton .....•752
Renewal of home building discussed at meeting n667
Sanitary District asks bond issue.....n447
Sanitary District costs reduced under changed plans 847
Sanitary District revises construction program n822
State of Illinois to finance Chicago sanitation n696
Water supply problem.....e64
Wide boulevard design. J. R. Bibbins..•808
Chicago Regional Planning Assn.:
Annual meeting n512
Chicago World's Fair. See Century of Progress Exposition.

CITIES

Cities are not extravagant.....e260
City growth and decay revealed by census figures. H. W. Green (charts and maps) 187
City growth and decline.....e201

•Illustrated; a, abstracts; e, editorials; l, letter; n, news

Local community needs — Pittsburgh. C. M. Reppert *020
Municipal stagnation e136

CITY PLANNING
American Society of Municipal Engineers discuss 117
Determining community needs in advance. H. M. Lewis *653
Montclair committee reports on town economies n204
New York City abolishes City Plan Commission n133
New York City's progress on regional plan n791

CLAY
Bearing power of clay is determinable. W. S. Housel (charts) 244

COAL
Appalachian coals decision e356
Washing coal in Pennsylvania with new water supply *50

COAST EROSION AND PROTECTION
Beach protection in New Jersey. Victor Gelineau *765
Coast damage e720
Rockaway Pt. jetty stops sand drift in New York harbor *547
Save the beaches e786

COFFERDAMS
Hoover Dam upstream cofferdam n*203
Sheeting interlocked on barge for cofferdam wall *191

COLUMNS
Brick incasement increases steel column strength 321
Concrete column spirals. W. L. Scott.. 1719
High stresses in columns 243
Reinforced brick columns tested at Lehigh University. Inge Lyse *345
Reinforced concrete columns discussed at A.C.I. convention n297
Spiral steel column strength. M. Hirschthal 1536
Steel column research (A.S.C.E.) 127
Use of hooping in heavily reinforced columns. K. Hajnal-Konyi 1257
Value of reinforcement in concrete columns. F. E. Richart 1477
Common Brick Manufacturers Assn:
Convention to promote reinforced brick construction n234

COMPRESSED AIR AND AIR TOOLS
Air cooled portable compressor *545
Code for compressed air work soon to be developed 494

CONCRETE
Asphalt-impregnated slabs of concrete in salt water. W. R. Shettel *108
Building codes on concrete e65
Cement or aggregate? e230
Chicago water tunnel inspected after 25 years *374
Clamp for concrete forms *267
Concrete pavement failures due to high lime cement. Ira Paul 212
Expansion and moving fill damage Baltimore bridge concrete *346
Heat generated by concrete in setting. W. A. Wilson 1199
New facts about cement and concrete (Hoover Dam construction) pt 1 *322; pt 2 ..... *350
New results in concrete placing e356
Northwest building codes for concrete control. H. M. Hadley 49
Over-a-minute mixing adds no strength. F. S. Besson 183
Reinforced concrete in the Long Beach earthquake. N. B. Green *560
Repairing bridge piers for disintegrated concrete. J. B. Ferguson *57
Rolled concrete practicable e444
Strength increased by spray irrigation. E. H. Burrows *401
Testing for diatomaceous earth. Heitzman & Peiper 801
Time for mixing e260
Vibrated concrete discussed at A.C.I. convention n296
Vibrator of internal type *485
Concrete aggregates:
Batching plant economics for separate aggregates. Thee & Normann *52

CONCRETE MIXERS
Boston-Worcester turnpike paved by truck mixers *104
Cement weighing batcher *267
Weighing tank for water in concrete *237
Connecticut Society of Civil Engineers:
Hartford meeting n298
Conservatory of U. S. Botanic Garden in Washington n*131

CONSTRUCTION
A.G.C. congress stresses work relief plans 123
Beginning new trends? e294
Budget for 1933 estimated 150
Budgeting federal construction to stabilize employment. D. H. Sawyer *657
Business side of construction 38, 207, 300, 452, 574, 728
Canada holds construction meeting n235
Civil engineering and construction in the U. S. Navy (Federal Engineering series pt 3) *368
Consequences of inflation on construction. T. F. McSweeney 564
Construction, census e356
Construction in Canada e260
Construction integration e142
Construction volume as a forecast of general business. T. F. McSweeney 503
Critical times e135
Deliberate thinking needed e601
Detroit congress topics 196
Federal construction. H. L. Ickes *613
Financial complications e135
Highway and Building Congress 111
Industry control for stabilization e695
Industry is organizing e720
Leaders of construction e1
Michigan's experience shows need for liberalization of relief act. J. P. Haliban 89
Necessity breeds new thinking e128
Needs a purge and better dietetics. H. H. Wilson *29
New business sense in construction e201
New trends of thought e136
Organizing for results e758
Planning to the fore e129
Prices and industry control e601
Productive power lost e135
Prompt action is vital e230
Prospects for construction e200
Public works bill for national recovery .. 687
Relief act changes approved by Senate committee n202
Rising costs e567
Service requirements determine public works construction. Malcolm Pirnie. *625
Shows fight e200
Speeding up construction e65
Statistical picture of current construction (tables and charts) 145
United in purpose e103
U. S. Census figures 339
Value and improvement e64
What kind of construction congress? J. E. Pennybacker 1229
What public construction means to general business. F. S. Baldwin *633
Work relief plans stressed by A.G.C. congress 123

CONSTRUCTION EQUIPMENT
Air-jamb to hold rivets *334
Bottomless scraper *364
Bucket for light soils *102
Concrete bucket *71
Crane makers object to passing out drawings of equipment 424
Crawler wagon *71
Crusher with gyrating head *727
Drag scraper *334
Dump wagon *267
Elevating grader *423
Equipment in 1932 165
Guard rail holder for trenches *102
Tubular steel towers carry stiff leg derrick. C. P. Streithof *521
Wheelbarrow has aluminum tray and rubber tires *855

CONSTRUCTION LEAGUE
Meeting—asks work for relief 119
Provide for quick action e128

CONSTRUCTION MATERIALS
Concrete building blocks *515
Construction materials industries. E. J. Mehren *638
Current prices ... 40, 176, 302, 454, 576, 730
Materials producers talk of markets and technology 120
Needed competition e538
Repercussions of roadbuilding on business prosperity. J. L. Harrison 248
Statistical picture of current construction (tables and charts) 145
U. S. Census figures 339

CONSTRUCTION PLANT
Cement pumping plant at Pine Canyon Dam *241
Pine Canyon Dam concreting *071

CONTRACTORS
Bid collusion reported for cement for Iowa roads n446
Bidding, competitive, should be limited. J. C. Holman 1258
California contractors oppose day labor on government work n203
Checking bid chiseling e539
Code for contracting e849
Denver sued by builders of City-County building n204
General contractors approve draft code under Recovery Act n852
Law to license contractors passed in Idaho n389
New York public bids must specify wage rate paid n723
1932 contracting 168
Not a federal agent on levee construction work n825
Picturesque leadership e294
Prices and bidding e538
Rigid contract control safeguards public interests. G. B. Walbridge 663
Test case in Arkansas highway suit n572
Three-year record of California Contractor's licensing act 520

CORROSION
Evidence on underground corrosion e356
Sewer liner plates 18 years old show little corrosion. J. S. Unger *337
County manager type of charter approved by California n203
Cranes:
Gantry crane erects heavy stone columns. G. S. Merts *365
Culverts.
Correcting distorted pipe culvert sections. F. R. Molther *549

D

DAMS
Arch dam built in isolated blocks to reduce shrinkage effects. F. A. Noetzli.. *78
Boulder Dam:
Allocation of Colorado water to Arizona formulated n262
Arizona rejects water contract n296
Bending roll for steel fabricating plan. *307
Bids for gates n172
Bids on turbines n418
Bids rejected on special cement n602
Cement bids n697
Cement contract let n821
Cornerstone is laid e786
Excavation work *776
First concrete placed n*789
Hoover Dam notes 99, 133, 361
Special cement contract n666
Turning the Colorado e139
Upstream cofferdam n*203
Cobble Mt. Dam:
Cost of road-mix highway. H. H. Hatch *529
Composite dams proposed. R. W. Abbett 163
Corewalls in dams. M. M. O'Shaughnessy 1229
Egypt:
Bids for dam on White Nile n763
Gravity dams. H. M. Hadley 1415
Hamilton Dam on Colorado River in Texas *59
Hoover Dam. See Boulder Dam
Hume Dam on Murray River, Australia.. n*97
International study of dams n821
Iron plates for dams. H. T. Rights 1229
LaFruta dam of the Corpus Christi to be reconstructed n359
Madden Dam:
Work begun in Chagres River n*361
Ouyhee Dam e140
Parker Dam:
Contract for site approved n205
Percolation slope in dams measured by device. L. L. Meyer *109
Pine Canyon:
Cement plant *241
Concreting *071
Rio Grande Dam:
Survey completed for first dam n449
Rodriguez Dam:
Construction resumed n*510
Spray irrigation *401
Rolled fill dam forms reservoir for Pennsylvania coal region *50
Rouge River:
Michigan earth dam and concrete bridge—unit prices 608
Saale River:
Germany power dam completed n*35
San Gabriel Dam No. 1:
Construction contract n66
Contract awarded e32
Contract upheld n265
San Gabriel (abandoned):
Court finds bribe passed in work n447
Court frees three contractors indicted in case n853
Los Angeles sues to recover settlement n725
Spray irrigation of concrete tested at Stony Gorge and Rodriguez dams. E. H. Burrows *401
Tennessee River:
Work stopped on Dam No. 3 ..... n698
White Nile River dam bids n419
Detroit:
City awarded nominal damages in sewer suit n369
Dikes:
Protective mat being sunk at Zuiderzee sluices n*389
Drainage:
Progress of drainage systems 156
Tile lining for drainage ditch *585
Drawing and drawings:
New lettering system *424
Dredges and dredging:
Contracts let for work at Monroe Harbor, Mich. n360
Niagara River east channel—unit prices. 608

DRILLS AND DRILLING
Beware of silicosis e261
Curbing silicosis e849
Portable drill dust collector *563
Removable drill bit *485
Rock drill *268
Silicosis trial against contractor n603
Steel island for offshore oil drilling. W. A. Sawdon *400
Dry feeder for chemicals *515
Dust explosions. See explosions.
